Dear Mitali Jindal:

Please accept my sincere congratulations on your excellent academic performance in the MSBA program for the Fall Semester 2022.

As you may know, graduate students who attain a grade point average of 3.7 or above are recognized for academic excellence through the publication of their names on a Dean's List.

Your academic achievement in this past semester qualifies you for this honor, and it indicates the high degree of respect you have earned from your professors and your fellow students.

I join the faculty of the School in applauding your fine academic achievement. I wish you every success in the future.

Sincerely,

Sevin Yeltekin
Dean
